Announ	cements								
New Busi	iness								
027-001	A. The Board of Trustees approved the contract for the Prop O audit at their last meeting. A draft will not be available by October 30th, as previously noted. Dr. Brand and John McCann are discussing the joint Board of Trustees/CBOC meeting scheduled for November; they may move it to January to accommodate the completion date of the audit. The original purpose of the meeting was to present the Prop O audit to both groups jointly.								
	B. Montgomery High School's KMMI buildin original design being defective. The building to another location on campus. This will pot	has to be demolishe	ed. The KMMI pro	gram will be m

6. Status Update on Bond Implementation					

Construction progress on National City Middle School

022-005 A. Jaime Ortiz gave a presentation on the construction progress at National City Middle School gave the following background information:

The project was planned for 2 phases: a food service/cafeteria building with a lunch shelter area and the demolition of an older building with the construction of a new quad.

Paul Woods informed the CBOC that because of declining enrollment, they were considering demolishing an the 500 building so the campus would have a new face to the street.

They had a short discussion about the on-site security residents at the schools.

J.O. went over the layout of the new building.

B. J.O. then outlined the future plans for this project pending funding. B.V. asked about the progress of the project funding. P.W. explained that the District decided not to spend any construction funds until borrowing from the Mell-Roos funds has been approved, in order to assure District cash flow. If the Mello-Roos borrowing is approved, the second round of projects can be funded. Dency Souval asked if the Board is being asked to use that money for District expenses? P.W. explained that with the general fund budget, to make payroll the District would need to borrow \$80M by the end of the year. The 2 options are to borrow from internal funds, or borrow on the open market, which involve issuance costs and a much higher interest rate. Lourdes Valdez said it was her understanding that the Board had already committed to not borrowing. P.W. said they verbally committed, but they did not officially commit to borrowing the Mello-Roos funds. If for some reason that resolution doesn't pass, they would have to come back and look at all the funding sources again but the door was shut on the other funding sources; then they would have to weigh going out on the open market. B.V. asked why the delay in this decision? P.W. said they did not get to it as an agenda item. B.V. asked the date of the next BOT meeting. P.W. told him it was November 14th.

C. The CBOC decided to move the next meeting date to November 9th, 2011 at Montgomery High School.

D. The CBOC adjourned and went on the site tour.
